5151 Empira White
Soft, refined ebony veining traverses a pure white base, creating an interplay between color, movement and emotion. The uplifting surface is an interpretation of authentic Calacatta marble and its timeless, yet urban look. Reliable and versatile for either residential or hospitality settings, Empira White is inherently elegant. This reinvigorated classic for bars, counters and islands purveys sustainable style with guaranteed longevity.

4043 Primordia
Primordia’s cool grey complexion echoes the character of concrete, evoking the provenance of its contemporary feel. Composed across its light grey base, soft mineral accents in off-whites and greys combine with darker veils of grey and brown to reflect the oxidized rusts found in natural stone.

5810 Black Tempal
A complex composition of dark grey mineral-like layers organically expands across a black charcoal base capturing the attributes of natural stones like travertine and slate. Inspired by the dark sky and ocean tides at night, Black Tempal is layered with emotion and depth as it echoes natural processes that occur over time.

4735 Oxidian
An inky black base is veiled by a rust-like effect that captures the movement and texture of a handsomely oxidized surface. The elegantly dramatic design ushers in a metallic presence and welcomes the deep emotion found in shadowy blacks.

3101 Piatto Black
The ultimate dark shade with a fine granular appearance is complemented by a textured finish, enhancing a deeper, more intimate black. Piatto Black brings dramatic modernism to a sophisticated urban restaurant or warm minimalism to a sleek city home.

5101 Empira Black
A rich black base is beautified by fine natural white veins, bringing a depth to the surface while creating an interplay between color and movement. The inverse of its counterpart, Empira White, Empira Black is opulent and dramatic in one setting, yet can also suggest the modest beauty of nature through the organic veining and slight texture that discreetly traces its complex body.

Easy care and maintenance

Containing up to 93% pure, natural quartz, Caesarstone surfaces never need sealing and require minimal maintenance to keep them looking like new. Its hard, non-penetrable surface makes cleaning simple and saves you precious time. In most cases, soap and water or a mild detergent are all that’s required to maintain their long lasting luster.

Lifetime warranty

We pride ourselves on product support and promise you an efficient, responsive customer care and ensure you derive maximum satisfaction from your Caesarstone product. With our residential lifetime warranty, consumers can rest assured knowing they are protected. Register your lifetime warranty online at caesarstone.ca.
